

San Mateo County News In Review

Resurface Junipero

Resurfacing of Junipero Serra boulevard between Cypress Lawn and Sneath Lane near Tanforan was begun Monday, it was announced this week. The job will occupy from three to four months, at the end of which time work will begin on the next section of the boulevard, between Sneath Lane and Crystal Springs road.

One hundred and fifty men will be used on the job, according to Assistant Engineer James Hester.

"Fox-Hunting"

Officer Charles Thomas, of the Burlingame police force, went "fox-hunting" on El Camino Real last week and bagged two. This, you may say, is rather unusual, since El Camino Real resembles the English countryside only very slightly. The "foxes" caught for speeding were Fred DeForest Fox, San Mateo, and Frank P. Fox, San Francisco. Tch, tch!

Court House Annex

Twenty-four thousand will be set aside in the new fiscal year's budget for furnishing the new court house annex, the San Mateo County board of supervisors disclosed, Monday.

The board requested County Executive Frederick Peterson to proceed immediately with furnishing the addition, which has been completed and is now being painted.

Moving of the county health and welfare department clinic into the lower floor of the annex will account for the bulk of the furnishing expense. The clinic is now at 220 Marshall street, Redwood City.

Summer Theatre

The intriguing drama of a baroness' indiscretions furnishes a gay note in the season of the Hillbarn Summer theatre this week when it produces a giddy French farce, "A Scrap of Paper," running tomorrow through Sunday.

Directed by Robert Brauns, the play concerns the complications which ensue when a love letter, lying undiscovered for three years in a secret hiding place, suddenly appears to confound the reputation of a respectable married woman and threatens to endanger her matrimonial happiness.

All last week and this week houselights at the Hillbarn have been unnecessary, because the moon lights the auditorium so brightly that programs can be read. A cheery fire burns against one corner of the wall which surrounds the courtyard, and anybody who wishes to bring wieners or marshmallows is invited to toast them at the Hillbarn fire immediately following the show.

County Valuation Up

San Mateo County's assessed valuation had a record increase of nearly a half million dollars during the past fiscal year, County Assessor Martin J. Flynn revealed Monday.

The assessment rolls for the fiscal year just closed totalled \$112,982,913, exclusive of the public utilities roll, the assessor's records show. Last year the total was \$108,119,889. Deducting a loss of \$154,590 in two communities, the county's total gain was \$4,863,030, or 4.5 per cent over last year.

San Carlos led all county communities in the percentage of gain, with its assessed valuation jumping from \$3,114,890 in 1940 to \$3,654,800 in the fiscal year just concluded, a gain of 11.72 per cent.

Ten of the county's 12 incorporated cities gained in assessed values from \$71,846,690 to \$75,926,980. Two communities, Hillsborough and Lawndale, had losses totalling \$154,590. Thus the total gain for the cities was \$4,234,880.

"The county's assessed valuation showed a \$1,300,000 greater gain than last year's gain over the preceding year," Flynn said. He said the increase definitely set a record for the county.

New construction, particularly of homes, accounted for the gain, (Continued on Page 12)

DALY CITY, SAN MATEO COUNTY, CALIFORNIA: Published Wednesday WEDNESDAY, JULY 9, 1941 VOL. 36, NUMBER 22

SEVENTY DALY CITY YOUNGSTERS TO ENJOY SUMMER CAMP AT BIG BASIN THIS SEASON

Mayor Fahey Urges Local Residents To Aid USO Drive

Mayor John J. Fahey, chairman of the USO committee, made a personal appeal to all citizens of Daly City to contribute to the United Service Organization fund being raised to build morale of the soldiers, sailors and defense industry workers.

A solicitor will come to each door in Daly City to take contributions. Quota for a town this size is \$1700.

The USO committee will be appointed by the mayor tonight at

FAHEY

7:30 p. m. at a meeting of representatives of town organizations and city officials. At present A. J. Bodien is in charge of local USO plans.

Anyone wishing to contribute may wait for a USO representative to come to his door, or may send the money to the local USO treasurer, Fritz Erickson, at the Bank of America, Daly City branch.

Biggest single contribution to USO made by a U. S. citizen was (Continued on Page 12)

Navy Gives Chance To Learn Trades

As an attraction for potential enlistees, the navy has a trade to fit every man who joins it, and has schools for those without a trade, according to an announcement from the local navy recruiting station.

The recruiting station was set up in Daly City, Saturday, in the mayor's office, city hall. The officer in charge is S. A. Thomas, C. B. M., U. S. N. The office is open on Saturdays between 9 a. m. and 1 p. m.

"There is an urgent need for more men in the navy," said Thomas. A quota of 35,000 enlist- (Continued on Page 12)

Count Absentee Ballots In Fire Bond Election

With the city council acting as temporary election committee, the absentee ballots cast in the Daly City Fire Department Improvement Bonds election were counted. There were five in all. Result: yes—5; no—0.

This brought the official total count to 1317 yes and 544 no. Somewhat less than a third of the registered citizens in Daly City were found to have voted—1861 in all.

A resolution was read by City Attorney R. A. Rapsey and passed unanimously by the council to accept the result of the special election, authorizing the city to raise the \$40,000, to be spent for fire equipment and trucks.

The question of how the money is to be spent and when will be taken up at the next meeting of the council, Monday. The problem of the sale of the bonds will be discussed then.

File Complaint Against Hog Ranch In Colma Area

(See editorial comment page 6)

Signed by 71 residents of southern Daly City and Colma, a complaint was filed in superior court at Redwood City, last week, charging that more than five hundred hogs on the hog ranch operated by Thomas J. Callan, Eighty-seventh avenue, Colma, constituted a nuisance and health menace. The suit will seek to abate Callan's hog ranch by injunction.

Filed by Morgan Doyle, attorney for the residents, the complaint asserted that the pigs and their quarters are kept in "dirty, filthy and unsanitary conditions," and that they "fill ... the air ... with unwholesome, offensive, nauseating and unhealthy odors," (Continued on Page 2)

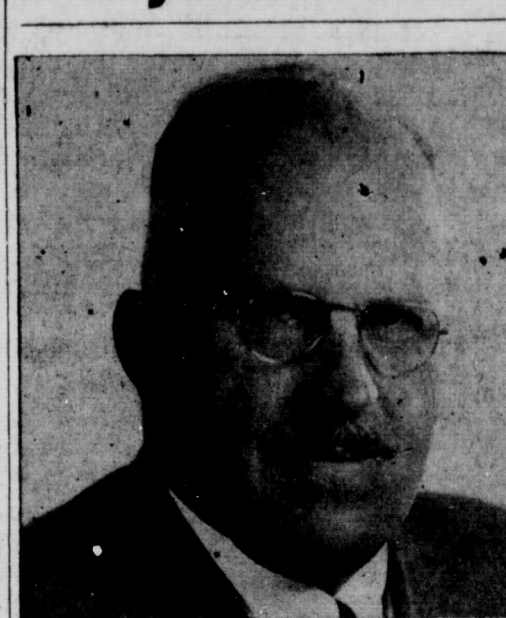

Wallace Olsen Victim Of Bizarre Accident

Golf practice on Miriam street ended in a fatal accident, Sunday afternoon. Dead is Wallace Olsen, age 10, son of Mr. and Mrs. E. A. Olsen, 230 Vista Grande avenue.

Wallace had been practicing golf swings with a neighbor boy. He did not stand back far enough when his playmate swung the club. Wallace was struck above the left eye.

The injury did not seem serious. The boy complained only of (Continued on Page 2)

'Girls' Group of Campers To Leave In City Bus At 9 A. M. Monday Morning

CRANE

BOYNTON

Everybody in Daly City is enjoying seventy youngsters these days! They're going to camp! Applications have been tumbling in for several weeks from eager-faced children from 9 to 16 years old. The girls go Monday, July 14, to Camp Shadowbrook at Big Basin for a week of fun and healthy living in the outdoors. Who wouldn't envy them?

Each camper must have a medical certificate indicating that he or she is physically fit for the camp. Forms will be sent to the home of applicants this week. This form must be taken to the camp. They will tell when and where examinations may be taken. If campers desire they may be examined by their own physicians.

The girls will leave Monday at 9 a. m. from the Daly City WPA Recreation office, 101 Parkview avenue. As last year, a bus will be supplied by the city to transport the campers to camp and back, according to Mayor John J. Fahey.

Necessary articles that should be taken by campers are as follows: bath and hand towel, tooth brush, tooth paste, comb, soap flashlight, clean clothes, swim suit, three woolen blankets or quilts.

Sending children to camp are the following Daly City organizations and individuals: Lions club, 6; American Legion, 2; Dr. William Grieb, 1; General Pershing P. T. A., 3; Hillcrest Circle No. 143, Druids, 2; Crocker P. T. A., 2; Woodrow Wilson P. T. A., 1; Women's Civic club, 1; Colma P. T. A., 2; Daly City Unit No. 410, American Legion auxiliary, 1; Native Daughters of the Golden West, El Carmelo Parlor No. 181, 1; Jefferson Union High School P. T. A., 1.

J. W. Marchbank, who last year gave generous support to (Continued on Page 11)

Now, About This Number "13" ...

If any of the next group of draftees are superstitious they will have reason to be uneasy, especially if they are allergic to the number "thirteen."

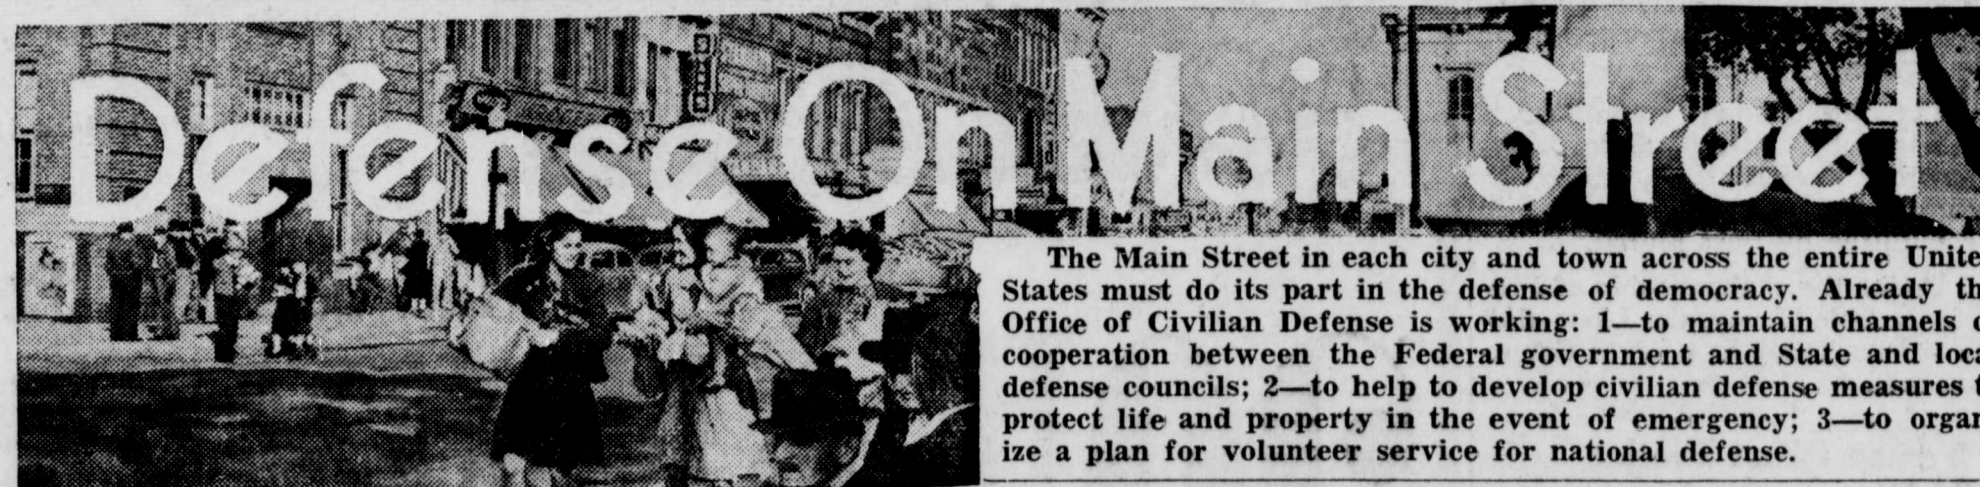

Thirteen young men will be drawn from the Draft Board 103 area in the thirteenth draft call, Tuesday. Seven are from Daly City: Leo H. Becker, 158 Los Olivos; Walter Avilla Silveira, 67 Bruno; John Dermot Walsh, 477 San Diego; Vando Nello Gabriellini, 116 Los Banos; Victor Marotta, 219 Miriam street; Russell Clarence Bligh, 6925 Mission, and Wilford Joseph Miller, 847 Hanover.

The others are Ernest LeRoy Greene, George James Van Hazel, and Emilio Colombo, all of South San Francisco; Norman Frederick Petersen, San Francisco; Gerald (Continued on Page 2)

Semi-Pro Teams Play Here Sunday

Two of the best semi-pro baseball outfits in San Francisco meet for the first time this Sunday on the spick-and-span diamond at Marchbank park. Both teams—the Owl Drugs and the Sherry Liquors—have top records in the Bay region, but so far have avoided clashing with each other.

A little wager has been laid by the two teams, the gist of which is that the losing nine will buy a dinner for the winners, so the battle is certain to be a tough one, according to Al Erle, bookmaker (Continued on Page 11)

DALY CITY JOINS NATION-WIDE MOVEMENT TO ESTABLISH HOME DEFENSE

"National defense should be the concern of those living in small towns—the private citizens; everyone must cooperate to make defense work," said John J. Fahey, mayor of Daly City, yesterday.

He spoke as chairman of the local defense council, which was created by ordinance, recently. Work of setting up a system of

local defense will be started directly, he said.

It is generally said by officials working in national defense that indifference on the part of the citizens is the principal stumbling block to successful cooperation and planning.

According to Colonel Leigh M. Pearsall who worked out a small-town defense plan during the

World War, "Thousands of our citizens seem to be satisfied that the war would not go beyond the shores of Europe and Asia; that their liberty and independence was their God-given right which no man might take from them."

Pearsall has set up a plan for a small town—Westfield, in New Jersey. An outline of this plan is as follows: Mayor's committee on

preparedness, appointed by the mayor, which directs the plan. Police Reserve Unit—a group of 100 men, equipped with pistols and uniforms at the town's expense, but with no police standing except when ordered out by the Mayor. County Cooperation Unit—a group of individuals who have worked out a plan of coop- (Continued on Page 6)

SFPI AIDS GROWTH OF COUNTY

Director Explains Need For Continuance

Citing the sound growth and development of San Mateo county as a perfect example of the "American Way" under progressive democracy, David D. Bohannon, member of the board of directors of San Francisco Peninsula, Inc., today advocated continuance of S. F. P. I. advertising as the surest means of maintaining the county's leadership in sound community planning and expansion.

"With the present record home construction—highest in the nation in proportion to population—San Mateo county is enjoying the soundest economic status in its history and has become literally, a national "yardstick" of development," Bohannon stated. "Retail sales are higher than ever, unemployment is practically nil, our tax structure is broader and lower than other competing home communities, and school enrollment is the highest per thousand population of any county in California—resulting in millions of dollars being returned to the county by the State Board of Equalization, over and above the amount paid in on sales taxes.

"By maintaining this prosperous condition, the county—primarily a residential area—is doing its bit in national defense. For American democracy must rest on the firm foundation of sound, progressive home communities. S. F. P. I. advertising, which has produced phenomenal results in attracting desirable new families of stable income, has been a great factor in bringing about this desirable status," Bohannon explained. "With other Bay area communities engaged in strongly financed advertising programs, now is no time to rest on our laurels. A county appropriation for continuance of S. F. P. I. promotion is an insurance policy for the future—and, as records show, the wisest investment, dollar for dollar, any community ever made."

Lions Announce New Attendance Program For Club

The price of membership is attendance!

That is the announcement emanating from the office of the secretary of the Daly City-Colma Lions club, R. L. Crane jr.

"A member who is absent may make this up by attending a meeting of some other club within six days, before or after the meeting of his own club. If the absence is not made up a reason must be given to the attendance committee or to the secretary, according to Crane.

The attendance committee is headed by Atillio Ghiotti, the bowling committee by Hugh Smith jr., and the membership committee by Bert Merritt.

Under the chairmanship of President Dale Hovey, the Lions club will meet today at noon at Colonial cafe.

Wallace Olsen Victim Of Bizarre Accident

(Continued from Page 1)
a slight headache on retiring.

Monday morning Wallace was found unconscious in bed. He was rushed to Community hospital where he died, Monday afternoon.

The father of the boy has been an employee of the Daly City Water department for the past twelve years.

'Boys Town' Sequel Will Open Tomorrow At D. C.

For three years, ever since the release of "Boys Town," thousands of motion picture-goers have asked for a sequel to that fascinating true-life film, telling further of Father Flanagan's fight for homeless and unwanted boys. "Men of Boys Town," again starring Spencer Tracy and Mickey Rooney, comes as the answer to those requests, tomorrow, to the Daly City theatre for an engagement of three days.

It is a dramatic, punchy, two-fisted story of Father Flanagan's battle against all forms of cruelty in the corrective treatment of youth. For Father Flanagan believes that there is no such thing as a bad boy, and has proved it at his City of Little Men where there are neither guards nor fences.

The film tells of Father Flanagan's financial difficulties when he goes \$200,000 in debt to make room for the hundreds of boys who seek his help. But no matter what his money problems, he always has time to go to the aid of a boy who needs him. When Whitey is adopted by a wealthy family and is falsely accused of a misdemeanor when he tries to help another boy, Father Flanagan drops everything to get his side of the story and expose the brutalities of a reform school.

Several parallel stories run through the film, one of an eleven-year-old boy murderer, another of a seven-year-old bandit, both of whom find haven and right teaching under Father Flanagan's care. In the end Father Flanagan wins through, although it takes a miracle in an exciting, pulse-stirring climax.

Companion feature on the new bill will be "Blonde Inspiration," with John Shelton and Virginia Grey.

Police Report Safe-Sane Fourth

Chief James G. Reardon and the rest of the Daly City Police department were in a good mood this week.

Not a single automobile accident was reported to local police over the usually dangerous and traffic-packed July Fourth weekend.

The entire county was relatively free from mishaps. The fire departments spent a quiet few days and police sirens were silent. This compares favorably with a year ago when there were two deaths on the Bayshore highway at San Mateo, a number of serious highway accidents and several fires.

Nurses

The National Organization of Public Health Nurses is represented by 20,000 trained women who spread the gospel of good health in isolated homes of poor families throughout the United States.

WHAT PERSON OR THING MOST INFLUENCED YOUR BOYHOOD ?

An understanding teacher, member of the clergy, father, mother or sympathetic neighbor or relative—there has been someone in the life of every youngster whose influence is well-remembered in adult years. Spencer Tracy, as Father Flanagan, inspired Mickey Rooney, as "Whitey" Marsh, to become a better boy in "Men of Boys Town," which opens tomorrow at the Daly City theatre.

Hog Ranch

(Continued from Page 1)

stinks and stench and loud and offensive noises."

The complaint also alleged that the ranch is being operated without a permit from the county health department or the board of supervisors. County health officials said today that new permits were not issued for the ranch this year since it did not come up to standards required by the county health department and state law.

A summons was issued at Redwood City, July 1, for Thomas Callan. After being served Callan will have ten days in which to answer the summons before a hearing is set.

Guard President
At President Roosevelt's party for Washington newspaper reporters, guests who had wandered to the south lawn had a queer sensation when they tried to get back into the Mansion and found the doors locked. Peering through the windows they saw that the brightly lighted Red room, the Blue room and the Green room had been suddenly emptied. Before long, a secret service aide came to explain. The rooms had been cleared to allow President Roosevelt to pass through to his private elevator. Just part of closer guarding of the President since the war has become worse.

George Mills, Vallejo; and William Logan Hampton, Monticello, Ill. (transferred to Monticello).

The local draft board will give serial numbers to those who signed up in the second registration, tonight. The board has received official notice to postpone action on men between the age of 28 and 30 until further word is given.

There will be a special supplemental call, July 23, of four men to make up for shortages expected in the thirteenth call after men over 28 have been deferred.

Wild Rice

Wild rice contains 14.8 per cent protein, 9.3 per cent moisture, 2 per cent sugars, 1.5 per cent ash, 1.1 per cent fiber and small amounts of fat, phosphorus, potassium, magnesium, sulfur, calcium and chlorine, says the American Chemical society. The process of parching the seed, introduced by the Indians to facilitate removal of the hulls, reduces appreciably the content of fat, fiber, protein, total ash, magnesium, potassium and phosphorus. In a special test it was found that the vitamin B₁ content of three samples of wild rice seed averaged 1.67 international units per gram, whereas the average of the same three samples when parched was 1.39.

The Daly City Record's
30TH ANNIVERSARY EDITION

Legion Auxiliary Elects Officers

Mrs. Naomi Murphy was elected president of Daly City Unit No. 10, American Legion auxiliary, Wednesday evening at Legion hall. Other officers chosen were: first vice-president, Mrs. Welsh; second vice-president, Mrs. Kathleen Matzek; secretary, Mrs. Margaret Kenney; treasurer, Mrs. Marce Trier; chaplain, Mrs. Jerry Glanville; sergeant-at-arms, Mrs. Alice Reilly; marshal, Mrs. Mary Crane; executive committee, Mrs. Lottie Poman, Mrs. Harriet Olson, Mrs. Hilda Prziborowski.

Delegates to the state convention of the Legion auxiliary at Sacramento, starting August 10, were named. They were Mrs. Pahlka, Mrs. Reilly and Mrs. Kenney. Alternates were Mrs. Trier, Mrs. Glanville and Mrs. Welsh.

Installation of officers will take place after the state convention in August.

After the second nomination election of officers, the regatta business of the auxiliary was held. Refreshments were served following the meeting.

Interest to auxiliary members was the talk given by Patricia O'Brien, visitor of the evening, who was Daly City's representative at Girls' State in Sacramento this year. She told how Girls' State operates and expressed her appreciation for the opportunity to attend. While at Sacramento, Patricia was elected city superintendent of schools and the mock government established by the girls.

Friday, the Legion auxiliary held its regular monthly party at Legion hall, 2 p. m. Chairman is Mrs. Harriet Olson. Many attractive awards will be made, according to the ladies. The public is invited.

No Blackout
Failure to display tail lights on baby carriages during the blackout cost four women four shillings (about 80 cents) each. They were fined in magistrate's court at Epsall, Staffordshire. The arrests were made after one of the carriages was hit by an automobile.

Colma P. T. A. Set Whist For July 22

Members of Colma P. T. A. today announced that their second summer whist party has been scheduled for Tuesday, July 22. Card playing will begin at 2 p. m. at the Jefferson annex.

Refreshments will be served to all card players by the committee in charge. Mrs. Lester Chrisman has been named chairlady and her assistants are Mrs. Roy Bogart and Mrs. Walter Worth.

The ladies state that many lovely prizes have been procured and a cash first prize goes to the winner. The public is cordially invited to attend.

DEFENSE BOND Quiz

Q. What is a U. S. Defense Savings Bond?

A. This Bond is proof that you have loaned money to the United States Government for national defense. Your Bond bears interest at the rate of 2.9 per cent a year, if held to maturity (ten years).

Q. Why should I buy Defense Bonds?

A. Because money talks. To dictators it speaks defiance. To friends of freedom, it says, "Here's my hand!"

Note.—To purchase Defense Bonds and Stamps, go to the nearest post office or bank, or write for information to the Treasurer of the United States, Washington, D. C.

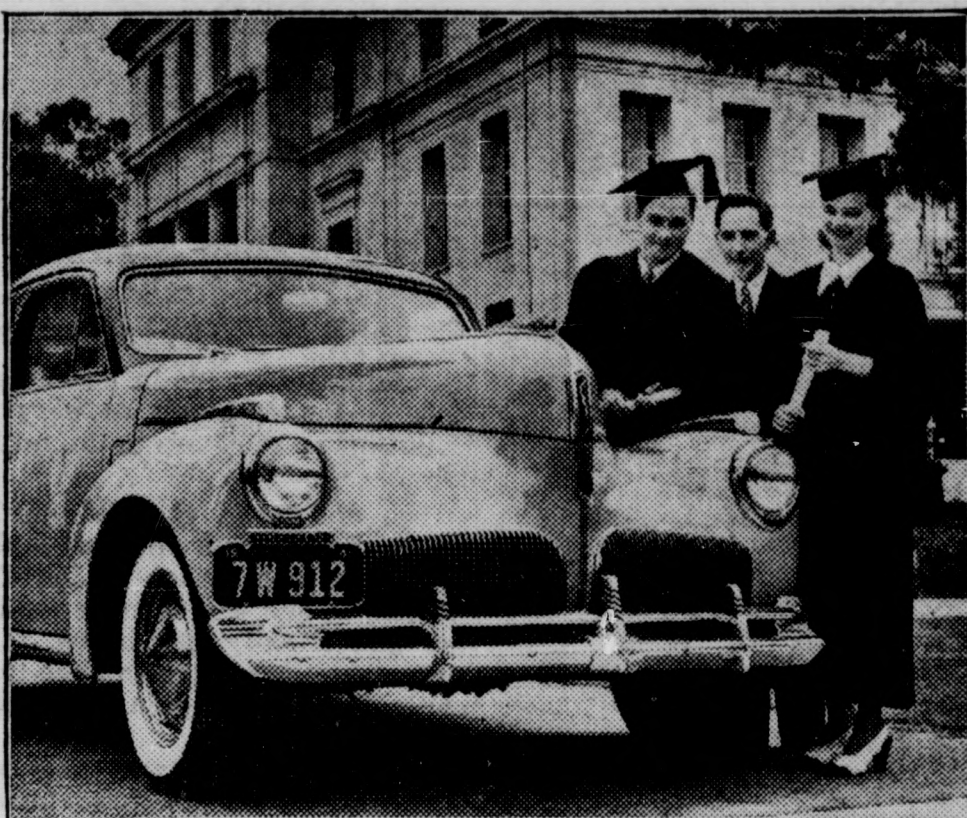

149 CUBS ATTEND BASEBALL GAME

Dressed in their official Cub uniforms, members of Cub Pack No. 149 attended the baseball game at Seals stadium, Saturday. Seeing action were the Seals and the Hollywood nine.

Excitement rang high as the "little men" sat on the edge of their seats, watching the thriller and eating ice cream and hot dogs.

Accompanying the boys were cubmaster, John Kinsey, 463 Irvington, and Joe Lorenzo, scoutmaster of Boy Scout Troop No. 149.

Smart Car Passes "Exam"

Motoring pleasure in a new Studebaker Skyway model commences after Commencement for young college "grads" so fortunate as to get such cars as cap-and-gown gifts. Here are Ed Richards and Jane Fleming, in graduation regalia, with Dr. G. A. Thompson, Occidental literature "prof," and a "Class of '41" Studebaker.

Bank Continues Growth While Serving Defense

Local officers of Bank of America point to the bank's statement of condition of June 30, appearing elsewhere in this issue, as a picture of continued growth while the institution cooperated unreservedly with the national defense program and still maintained a full measure of service to ordinary business and individual needs.

Achievement of the new high marks under abnormal conditions and while coping with the requirements of many special services was regarded not only as a tribute to the efficient management of the bank but also as evidence of the entire state's economic soundness, to which this community has made an important contribution during the period.

VACATION TIME IS HERE

Tips For Milady

PRACTICAL AND PRETTY

The new luncheon sets of simulated linen backed with cork are one of the nicest gifts one could think of either for a bride or for a week-end hostess. The designs are gay and colorful and the mats help to reduce the summer laundry bill.

LAPEL PINS

There is no end to the amusing guises in which lapel pins are appearing. One of the latest is a pair of birds, Mr. and Mrs. Chips. Mr. Chips is all done up in top hat and rhinestone decorated cane.

KNITTED CAPS

Rather than diminishing the popularity of crocheted caps seems to be on the upgrade. Particularly pretty are the skull cap type with two huge pompoms in contrasting color. These are just as smart for mother to wear with her sports ensemble as for sub-deb daughter.

SUMMER FOURSOME

Coordinated accessories that come in foursomes are one of June's introductions along the avenue. The foursome consists of turban, blouse, bag and shoes in polka dot rayon crepe. They are smart pickups for last year's linen or light wool suit.

SUNTAN POLISH

As your skin begins to take on a golden hue for summer suns, it is wise to remember that your nail polish should be changed to match the changing shade of your complexion. Select a polish with a brown or yellow cast—the polishes that have a good deal of blue in them are not good for suntanned skins.

THE TREND BACK to feminine furbelows is very evident in this fetching white pique bathing suit worn by Gale Storm, heard on many Columbia network programs from Hollywood. Notice the long torso lines of the bodice trimmed with bright rickrack braid, the very full skirt and the revival of bloomers. Her woven leather beach shoes with platform soles are tri-toned to match her suit.

Crocker PTA Sets August Meeting

Several members of Crocker P. T. A. and the Sew and Sew club enjoyed an outing at Fleishhacker playgrounds, last Tuesday. They took their lunch and children and spent the whole day.

Thursday, July 17, Mrs. Nell Caine of 395 Frankfort street will entertain the ladies of the Sew and Sew club. All are invited to come early.

Tuesday, August 12, Crocker P. T. A. will hold its regular meeting at Sigmund Stern grove. "It will be an all day outing so bring the children and lunches," committee members said.

An appeal has been made by Mrs. George Bruns, seventeenth district president, for any member of Crocker who would like to entertain boys from Moffat Field over any weekend, to get in touch with her. Mrs. Olga Bordson, president of Crocker, Delaware 5861, will give full particulars.

"Many of these boys are a great distance from their own homes, and would enjoy the hospitality of your home. Maybe your own son is being entertained by some of their folks. This is our problem, and the district needs our co-operation," stated Mrs. Bruns.

Sun And Surf Styles Stress Individuality

By JANE FLOYD BUCK

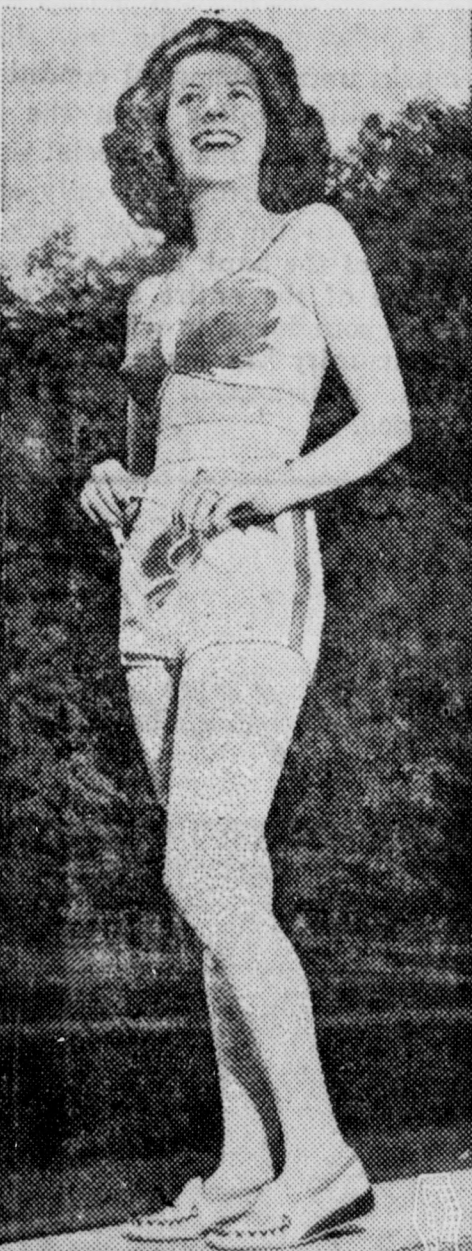

Adding up trends in beachwear this season is about as easy as counting up the stars in the milky way.

The one trend that is definite about the new sun and surf styles is that it is a season of individualism. If one wants to be feminine and slightly glamorous, then the one piece dressmaker-type swim suits of sea-going satin are a wise choice.

For the tailored type there are smart little suits consisting merely of bra and shorts, which are being shown in several different fabrics. One piece suits of corded cotton which has been elasticized for figure control are grand for the very slender figure and the stream-lined design gives a boost to swimming prowess.

On the other hand, if you are the type who likes to go "bathing" but who doesn't care much about swimming, then one of the little silk suits with bright designs of flowers or birds may be what you need to give you that well dressed feeling on summer beaches.

Regardless of what type suit you select, don't forget that your swim cap is an integral part of your outfit and should not only protect your hair but make a definite contribution to your bathing ensemble's artistic effectiveness.

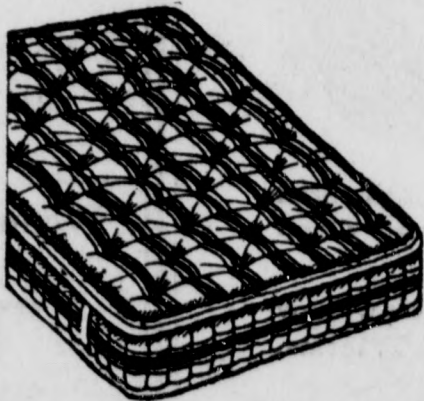

BRIEF SWIM SUIT in white gabardine with green leaf motif is worn here by CBS actress Virginia ("Joyce Jordan-Girl In-terne") Dwyer who is about to take a dip at the Huntington, L. I. Crescent Club where she weekends. Molded to the figure, the suit assures the minimum of resistance while swimming and the maximum of suntan. (Lanz of Salzburg).

Mrs. Campbell To Exhibit Dolls

One of Daly City's talented ladies, Mrs. Lela Campbell, will exhibit her dolls beginning tomorrow in the show window of Warshawski's Dry Goods store, 6340 Mission street.

Everyone interested in clever handiwork will be delighted with her creations. She has made, in the last three years, an extensive set of dolls of all nations, an early American group, numerous story-book and character dolls. To make the correct and traditional costumes she studied national costuming, and has a very complete, illustrated note book on this subject.

Mrs. Campbell is teaching doll-making to a class of children as a part of the Daly City W. P. A. Recreation department program.

Buick Eastern Delivery Plan Proves Popular

More Pacific Coast motor car purchasers are taking delivery of their new cars at the automobile factories in the East this year than ever before in the history of the industry, according to a recent tabulation of sales figures.

One manufacturer, Buick, reports that with its passenger car sales on the Coast during May and June exceeding all previous records, one out of every four purchasers has specified factory delivery.

The Buick factory delivery plan, as outlined by M. J. Soldavini, Belli Motor company, local Buick dealer, has several advantages. It affords the western buyer of an automobile an opportunity to take a vacation East at little or no expense, he said.

Under the plan, he explained, the buyer turns in his present car to the local dealer and receives the same liberal trade-in allowance that would apply on a local delivery. With the elimination of the freight charges, the price of the car at the factory in Flint, Michigan, is substantially less than the local price, and the saving is usually sufficient to defray the cost of the train fare East and other traveling expenses as well as the expense of driving the new car home. At least it will help appreciably toward paying for an Eastern pleasure or business journey.

"After taking delivery of the car at the factory, buyers often arrange an elaborate tour of the country to visit friends or attend a convention in the East, having the choice of several interesting scenic routes on the return trip to the Coast," he said.

Soldavini is now assisting motorists in mapping their Eastern trips and working out details of Flint delivery. Three to four weeks' time is necessary between date of order here and definite delivery date at the factory, he explained.

Girl Bull-Fighter

Whirlwind attraction in the bull rings of Peru, Portugal, and Mexico City is 17-year-old Conchita Cintron, declares the American Magazine. She already has 32 victories to her credit. Conchita spent most of her childhood training to be a bull-fighter.

TIMELY FEATURES FOR HOME-MAKERS

One Hot Dish at Every Meal is Good Plan for Summer

says Dorothy Greig

WHEN summer sizzlers come along the temptation is to concentrate on cold foods and iced drinks, over-indulge in frozen desserts.

In actual fact, however, we keep cooler and more comfortable if we wisely include a little hot food with

very meal. Hot food aids digestion. And a digestive tract that's kept happy helps keep its owner happy, too. The hot dish in the meal need not be an elaborate one, nor a long slow motion affair—an important point, for none of us wants to spend a long time over the range on a blistering day. Select something easy, such as a light hot soup. It's easily digested, comes early in the meal—and is simple to prepare. For instance, this one is delicious:

Cream of Chicken-Asparagus Soup
1 can condensed asparagus soup
1 can condensed chicken soup
1 can milk (using soup can as a measure)
1 can water

Stir the chicken soup into the asparagus soup. Then add 1 can of milk and 1 can of water (using the soup can for a measure), and heat, but do not boil. Serves 5-7.

Horse Rider Guilty

It isn't always necessary to have 90 horsepower under the hood to drive in a reckless manner. A Boulder man had only a one horsepower vehicle under him when he drew such a charge. Riding a horse, he was accused of behaving so recklessly that two girls, walking in the road, were injured.

Hints For The Housewife

By Marion Cunningham

Spring is the time for gardening indoors as well as out. And if you haven't a plot of ground big enough for growing things, all the more reason to do your

Marion Cunningham

planting right inside your home. It's all done with tricky containers, proper placement of the plants and your own good taste.

Shelves especially made to fit window spaces and even indoor window boxes give the most leeway. If you have a window, or panel, of Insulux glass blocks in one of your rooms, you'll find it a strikingly beautiful background for flowers. Adjustable shelves, painted the color of the woodwork in the room, and set against the translucent glass blocks, are particularly effective. You'll find that glass blocks, being insulators, will protect your flowers against harmful extremes of wind and weather.

Plant stands, always attractive for holding individual pots, can be bought almost anywhere these days in a variety of shapes and sizes. You can also make them out of surprising things. An old-fashioned umbrella rack, for instance, makes a perfect holder for flower or ivy pots and often reveals a surprisingly graceful form when painted a fresh, clean white.

Vases in handblown, modern American crystal are as lovely as anything for the cut flowers you bring in from out of doors. A pair of tall, trumpet shaped vases filled with brightly-colored blossoms will dress up a mantel immeasurably. And with your hearth fires stilled for the summer, you'll find the mantel does need a bit more decoration. A teardrop budvase set on a square base and holding a single red or white rose adds a gay note to your work desk or coffee table.

Reputation Builders

By Frances Lee Barton

TO those who wish a reputation as a cook and hostess, I submit the following recipe. It may call for a little time and effort, but it pays enormous dividends to its followers.

Individual Lemon Rolls
¾ cup sifted cake flour; ¾ teaspoon double-

acting baking powder; ¼ teaspoon salt; 4 eggs; ¾ cup sifted sugar; 1 teaspoon vanilla.

Sift flour once and measure. Combine baking powder, salt, and eggs in bowl. Place over smaller bowl of hot water and beat with rotary egg beater, adding sugar gradually until mixture becomes thick and light-colored. Remove bowl from hot water. Fold in flour and vanilla. Turn into two 15 x 10-inch pans which have been greased, lined with paper to within ¼ inch of edge, and again greased. Bake in hot oven (400° F.) 10 minutes. Quickly cut off crisp edges of cake. Turn out on cloth covered with powdered sugar; remove paper. Cut each cake into six pieces of equal size, spread thinly with lemon filling and roll. Wrap in cloth and cool on rack. Before serving, decorate rolls with rosettes and borders of sweetened whipped cream, using pastry tube. Makes 12 rolls.

For tea roll slices, cut individual lemon rolls in ½ inch slices. Makes 9 dozen slices.

Lemon Filling

1 cup sugar; 5 tablespoons cake flour; dash of salt; 2 egg yolks, slightly beaten; ¾ cup water; ½ cup lemon juice; 1 teaspoon grated lemon rind; 2 teaspoons butter.

Combine sugar, flour, and salt in top of double boiler; add egg yolks, water, and lemon juice, mixing thoroughly. Place over boiling water and cook 10 minutes, stirring constantly. Add lemon rind and butter. Cool. Makes about 1½ cups filling, or enough for two or three 9-inch layers, or two 8 x 8-inch layers (generously).

It's there with an Extra Wallop in reserve

SOMETIMES in your automobile you want zip and ginger, sometimes thrift.

Just name your choice. In this high-stepping Buick straight-eight with Compound Carburetion† you can have either, each in its proper place.

You can go about your business in easy, ordinary, everyday travel—and this frugal, two-carburetor system will keep you rolling smoothly with only the forward, thrift-size mixer on the job.

Yet any time you want life, lift, super-power it's there with an extra wallop in reserve—just step down on the treadle and you've got it.

That simple move sends

the second carburetor into action; steps up not only fuel supply but the air supply as well.

Thus you have your fun—and frugality too. Owners report mileage figures as much as 10% to 15% higher than on previous Buicks of the same size.

Which means, better go look at the engine that's both thrill-packed and thrifty too. You'll find it in a bigger, roomier, smarter-looking automobile that gives you more value per dollar than anything else you can buy.

†Available at slight extra cost on Buick SPECIAL models, standard on all other Series.

\$930

for the Business Coupe (illustrated above) including Compound Carburetion,

delivered at Flint, Mich. State tax, optional equipment and accessories—extra. Prices and specifications subject to change without notice.

STILL A DEMOCRACY

War and defense must not be used as an excuse for neglecting our responsibilities as citizens. Our industries, our farms, our factories are part and parcel of our free enterprise system. Their problems are of direct concern to every citizen—representative government cannot live with out free enterprise. The task all face now is to prove that, while maintaining representative government, we can compete and win in any contest the ruthless total governments force upon us.

AMERICA FACES FORWARD

America has come to the parting of the ways. With a reluctant farewell to the past, this nation has turned her face to the future and to the momentous task of girding herself for the perilous voyage ahead.

The easy-going days are over, and whether Britain win or lose, or whether this nation enter the war or not, the handwriting on the wall points to years of arduous labor and sacrifice of which the country has only yet seen the beginning. There will be no home in the land which will not feel the effect of the new period of total armed preparedness which we are just entering.

The cost of supporting an arms program is certain to rise above its present \$40 billion scale and will affect, to a greater or lesser extent, the living standards of 130 million Americans. Government, to an extent hitherto thought impossible, will of necessity extend its control over the life of the country, commandeering and rationing production and materials.

The unsurpassed productive power of this nation will be channeled to an unparalleled degree into the upbuilding of virtually unlimited armaments. The roaring blast furnaces of the steel mills, the humming factory belts, the flowing assembly lines of our industrial plants, will be devoted to producing the munitions, weapons and machines which make up the devastating arsenal of modern warfare.

Perhaps America will escape the ultimate sacrifice of lives, of broken hearts and homes which war means. Perhaps it will not. No British defeat or negotiated "peace" is likely for long to stay the rising tide of totalitarian forces. Had we and other peace-loving powers acted sooner and more decisively that tide might have been stopped at its very outset. But now is no time for recriminations, for second-guessing. It is only time for loyal, unselfish effort by all citizens to the end that this country may triumphantly survive its voyage through the dark seas ahead.

ARE YOU AN "AVERAGE" DRIVER?

If traffic deaths continue throughout the year at the same rate established during the past few weeks, California once again will play a cellar role in the national safety picture.

Safety advice is turned out by the bale by various safety organizations—good, sound advice, too. Police bureaus operate overtime instructing people in traffic precautions. Educators work hard at it in the schools.

The trouble is not in the quantity nor the quality of the safety lessons preached. The trouble is with the average citizen who drives a car or walks across a street; he just won't believe he's average, that the lessons apply to him as well as to the other fellow.

How many readers honestly believe this advice applies to them:

The driver is not a passenger who can look at the sights or carry on an absorbing conversation. His eyes belong straight ahead and his hands on the wheel. His mind should be ahead of the car, thinking of what might happen, before it occurs.

Not many will accept that safety gospel, because mighty few of us would admit we can't be highly intelligent, if not wholly charming, conversationalists while merely steering a car. And many who don't accept it will figure in major traffic accidents before the year is out.

If it's a straight choice of either "charm" or "safety" at the wheel—the average driver will choose safety for himself and his passengers, of course. The difficulty is, so very few of us honestly think we're only just average.

TRAFFIC

Daly City Sees Six Months Pass Without Fatality

For the first time since traffic has been a major problem in Daly City a six-months period has passed without a single fatal automobile accident here, according to Police Chief James G. Reardon.

The period was between January 1 and July 1 of this year. To cap this long-time accident-free period, no accident, either fatal or otherwise, was reported to the police department over the four day Fourth of July holidays.

Reardon attributes this fine safety record to a very strict traffic enforcement policy maintained by the local police department. He estimates that accidents have fallen off twenty-five per cent from the last six-month period. Traffic tags issued brought in a revenue of \$5000 so far this year.

Non-fatal accidents causing injury this year—for the most part collisions at the Top of the Hill—have numbered 21. Colma had six such accidents. A great majority of persons involved in these accidents were out-of-towners.

DEFENSE

(Continued from Page 1)

eration with other cities in the county. Motor Corps Unit—125 women drivers equipped with identification cards for the cars and who carry first aid equipment. State Guard Unit—men who have served in the United States armed forces. Other units are finance, community market, food gardens, air warden, fire warden, publicity, boy scouts, refugee service, debris clearance, historical, consumer interests, intelligence, emergency water supply, Red Cross cooperation.

The Daly City Emergency Disaster-Preparedness plan, directed by A. J. Bodien, which was recently completed, will be of invaluable use in local defense, according to the mayor, and will speed defense plans here. It contains many of the features included in the outline above.

Dog Stays On

Frank Brusewitz has retired as station agent for the Great Northern railroad here but his faithful dog, Terry, carries on. Terry reaches the station every morning at 7:30 o'clock, meets all passenger trains and then trots to the post office and bank—a routine he followed with his master for years.

Women Healthier

According to medical authorities, women are healthier than men. For every man who reaches the age of 100, eight women attain that age.

Pigs, Or No Pigs That Is The Question

Last week in Redwood City a law suit was filed seeking abatement of a Colma hog ranch, asserting that the ranch was a health menace and a nuisance.

Two weeks ago this newspaper discussed the hog problem editorially and reiterated a solution which has been proposed on several occasions, namely: To remove all San Mateo County hog ranches to an isolated area set aside for hog raising; a location where noise and odor from the pigs would not annoy residents and one which would not bring continuous complaints to ranch operators, health departments and county officials.

There is no question about the fact that with ever-expanding residential construction in the north end of the county that hog ranches must eventually be eliminated in this area. If this change is to be brought about with the least amount of effort and expense to all concerned then it is time for those who are concerned, especially the hog owners, to cooperate in a central program to remove the ranches to an isolated location.

My Week

by Eleanor Roosevelt

U. S. RESPONSIBILITY
EASTPORT, MAINE.—A man in Brooklyn, N. Y., sends me a clipping containing a few words I had said about our responsibility as a nation, to the world, and comments on it in a little rhyme about "looking out for number one, before anything has begun." He thinks we haven't "plenty to spare" and can't "send it all over there."

It does seem to me that the gentleman misses the point. If we bend every effort now to produce necessary material help for those who are doing the fighting in a cause which we believe to be right, we may keep the war from our shores. If Great Britain, China and Russia lose, sooner or later, we will have to fight.

No matter how well prepared we are, 175,000,000 people in this hemisphere will have quite a struggle; first on the economic side and eventually on the military side.

We shall be pitted against 500,000,000 people in Europe and Japan, and heaven knows how many more if Russia is not able to hold out. I don't want war, but I think that every effort we can put into production and military preparation to aid those fighting Hitler is our best guarantee against war; and our only safety, should it come.

AN OLD FRIEND

One afternoon I went over to Lubec, Maine, to see my old friend, Dr. Bennet, who is now 90 years old. He is deeply troubled by the state of the world and kept repeating: "What has happened to the goodness in the world?" I think a good many of us would like to know the answer to that question.

We went in to see Dr. Bennet's son, who is also a doctor, and told him that there would be 30 young people in this house for five weeks. I think he may have to keep an eye on them now and then, and I reminded him of some of the escapades his father had pulled many of our people through in days gone by.

In the evening we read aloud from William Shirer's "War Diary." The book is a wonderful piece of vivid writing. It is extraordinary that he was able to do his work in Berlin, feeling as he did, and not get into serious trouble.

WAR EFFECTS

We have discovered up here that war makes a considerable difference in the lives of the Canadian people.

I wanted to buy what I could in Canada and need many things since 40 people in a house require a good many more household goods than 20. As usual, most of my kitchen utensils require replenishing also. Therefore, we took a large boat and went off one morning at nine o'clock.

We proceeded up the bay under rather gray skies, which was perhaps fortunate, since all of us got a wind burn, but not the uncomfortable sunburn which we might otherwise have had. After buying all we could in St. Andrews, we went across to a beach on a little island, cooked ourselves some scrambled eggs in the old frying pan, which has gone on so many picnics up here, and went back to St. Andrews to collect our purchases and to buy some lobsters in the pound, for one can not buy them now on the island.

We intended to go on to St. Stephen to buy the things we could not get in St. Andrews, but they are on what I call double daylight saving time in Canada, which is one hour ahead of our daylight saving time. We realized that we would be too late to find shops open, so we started back to Eastport. Just to make things seem thoroughly familiar, the engine overheated on the way back and we stopped. I had visions of lying helpless in the bay for some time, but after administering some nice cool salt water, Captain Cline coaxed the engine into action again, and we finished our shopping in Eastport.

One always forgets certain things and I am sure we shall have to do more shopping. We are busy putting everything we have bought into place.

West Creates New Motoring Style

The cabriolet has "come back" in a new combination of light colored body and dark top, as illustrated here, according to western Chevrolet dealers who report heavy demand for the smart style. Features contributing to popularity are plenty of room between steering wheel and driver, shown at top right, and the new concealed safety step, at lower right.

Anybody Seen Troop's "Panda?"

A panda is a rarity, we've heard, and "Panda," mascot of Boy Scout Troop No. 141, is not one to break the tradition. "Panda" has become a rarity.

"Panda" is missing—missing from Scoutmaster Joseph Straughan's home, 25 Los Banos avenue, since Saturday afternoon. The small beast, which we may as well admit is a kitten, starred in a movie made recently at summer camp and may be needed for retakes.

The kitten adapted itself to camp readily, according to Straughan, and the whole scout troop hopes the wanderer will return—soon.

Last Word in Television

The new television antenna just completed atop the Chrysler building in New York is the only one of its kind in the world. Built to withstand a 150-mile gale, it consists of four hollow tapered aluminum bars, electrically heated to prevent formation of ice in the winter.

MAINE INDUSTRY PROBLEM

The sardine factories in Eastport and Lubec, Maine, are running every day in the week, for this year the fish are kind and apparently making up for their absence in the last five years. In Eastport, however, a man told me they are facing a real problem. They provide coal for this section, even for many little islands off shore. The coal is bought and paid for, but it is in Norfolk, Va., and they have not been able to obtain a ship for transportation.

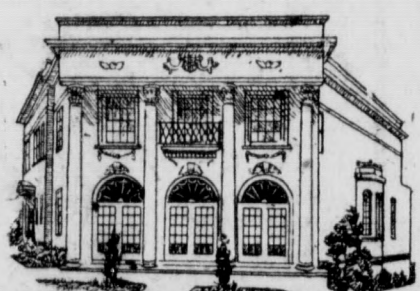

OFFER OF AID

I had a call one afternoon from Officer Sennett of the Canadian Mounted Police. He offered his services in case any of our young people are lost in the woods, or anything else occurs where he can be helpful. Since he is stationed on the island for the summer, I certainly hope that no one will be lost in the woods. However, such things have happened, and it is good to know there is some one who can be called upon in case of emergencies.

Happy Motoring

These gadgets for the automobile vacationist will add pleasure and comfort to the summer trip. The clothes bag has a suction cap so that it may be fastened to the inside of the car and is of silk treated with the synthetic, koroseal, to make it dustproof, waterproof and mildew-proof. The kit for toilet articles has a lining of korosealed silk.

ABOUT TOWN - - -

Mrs. Sam Shasky, 683 Niantic street, was visited this week by her sister from Indiana, Mrs. A. Sherrill, and Mrs. Sherrill's son, Claude. Mrs. Sherrill intends to return to the Middle West, Friday.

Mr. and Mrs. Donald Mann, 415 Irvington avenue, returned Sunday from a week's vacation in Medford, Oregon. While there they visited with relatives.

Miss Lois Foster, 133 Crocker avenue, spent the weekend with her sister, Mrs. George Rice, at her home in Redwood City.

Mr. and Mrs. Albert R. Laun, 3316 San Jose avenue, are the proud parents of a daughter born, June 23, in San Francisco.

Mr. and Mrs. Elmer Colle, 6997 Mission street, are the proud parents of a daughter born, July 5, at San Mateo.

Gerald W. Putman, Daly City, and Peggy Oliver, San Francisco, were issued a marriage license in Reno, Nevada, last week.

Dan Cassentini, son of Guito Cassentini, proprietor of Jefferson Market, 7369 Mission street, left Daly City, July 4, for a vacation trip to Southern California. With two companions, Mike Ciardella and Bob DiVita, Dan plans to be gone for ten days or two weeks. The youths will visit Hollywood, Catalina, Aqua Caliente, Mexico, and other points of interest.

Mr. and Mrs. C. E. Lowe spent Fourth of July at their summer cabin in the Santa Cruz mountains.

Mrs. Fred Lane and daughter Phyllis left, Thursday, for Los Angeles. They will visit with friends and relatives and return home some time in August.

Police Chief James G. Reardon took his family to Almaden, Saturday, for a month's stay. He had rented a cabin near the quicksilver mines, which will be occupied by his wife, Josephine and his children, Marie, Arlene, and Jimmy. Reardon returned to Daly City, Sunday.

China Elephant

Dr. William W. Christley, Corydon, Ind., dentist, found a tiny china elephant in the debris of the 1937 Ohio river flood. He kept it. Since then, he has collected more than 700 toy elephants, big and little, in every kind of material from ivory to sponge. He keeps them in his office.

Testing Tires

A machine has been invented to test the durability of automobile tires by subjecting samples of their material to twice the number of impacts to which the tires would be subjected in use.

Troop 101 Elects Camp Officers

Boy Scout Troop 101 will have its own "Boys' Town" government at its summer camp at Clear Lake this year.

Chosen Thursday were the "officials" that are to run the miniature society. The troop elected as mayor, James Coughlin, and as police chief, Robert Rogers. Both these boys are junior assistant scoutmasters.

Other officials will be, fire chief, Joe Collins; health officer, Walter Strohmaier; life guard, Joe Patton, and village leaders, Timothy Chreisten and Joe Patton.

These officers will also be a "board of trustees," and will make all the rules and enforce them. They will meet daily (before taps) to preview the day's activities and plan the next day's schedule. They will also audit the expenses daily to insure proper economy and reasonable expenditures, according to Scoutmaster Frank Coughlin.

The troop will leave at 5 a. m., Saturday, July 26. It has been decided to limit the trip this year to the first twenty to sign up. The fifteen that have signed up so far are Billy Core, Jim Coughlin, Timothy Chreisten, W a l l y Coughlin, Eddie Denning, Bob Lane, Billy Nassano, Walter Strohmaier, Bob Rogers, B o b Montano, Charles Rogers, J o e Patton, Joe Collins, and Scoutmaster Frank Coughlin.

Fourth of July

Redwood City had one of its biggest celebration days in history Friday, July 4, with a carnival. Carefree atmosphere reigned and thousands of festive Peninsula took part. The celebration continued for three days. Independence Day saw an hour-long parade, a rodeo, horse show, and street fair attractions, plus the fireworks display in the evening and a Fourth of July dance. San Bruno also drew a large crowd with their celebration. A new city park was dedicated, a parade marched through the principal streets, and athletic contests, a community camp fire, fireworks, and patriotic exercises completed the day.

First Dog Shot

Bobby, an Alsatian dog attached to a crack French Zouave regiment as a messenger, was the first dog to be shot by the Germans on the Western front, according to a report received in Paris. His body was recovered and was buried with the following epitaph: "Here lies Bobby, a messenger dog, who fell on the field of honor while rendering service."

MILLIONS SEE THRILLING 1941 ICE FOLLIES REVUE

Biggest attraction for Bay area entertainment seekers continued this week to be the glittering and glamorous Ice Follies of 1941, all-new edition of the famous skating show, now appearing nightly at Winterland, in San Francisco.

The smooth-flowing, richly-costumed revue is steadily adding to its audience total of many millions.

First daytime performance of the ice spectacle has been set for Saturday, July 12. The complete night show will be given, commencing at 2:30 p. m., it was declared by the management, and tickets are available at special rates.

The current edition of the Ice Follies is completely different from the ones which delighted three quarters of a million persons in San Francisco last year and the year before. Production, costumes, lighting and music have been entirely changed but the same great cast of international skating stars appears again.

Amazing to those who see the Ice Follies for the first time is the transposition of dance rou-

times to ice skating. Experts explain that figure skating is based upon dance steps, with a rapid and continuous rhythm almost indescribably beautiful. Those who have seen the show point out that the seemingly effortless flow of action creates the illusion of dancing in the air.

One of the unusual features of the new Ice Follies presentation is the series of performances staged by Harris Legg, champion trick skater, speed skater and barrel jumper.

In one of his acts this year, Legg has a petite partner, Phyllis Rebholz. The two skate on stilts and are the only pair of its kind in the world. In another part of the program, Legg is a "modern Mercury" and leaps over a series of modernistic obstacles. His act culminates as his body hurtles through a revolving circle of flames.

Ice Follies tickets are available for all performances at Winterland, Post and Steiner streets, San Francisco, WALnut 0112; at

Sherman Clay boxoffices in San Francisco and Oakland; and by mail order addressed to Winterland. Advance reservations are recommended.

Dangerous Firewood

Mrs. L. Marais of Cyferkuil, Western Transvaal, picked up a piece of firewood while lighting her kitchen fire and found to her horror that she had seized a deadly night adder. With great presence of mind, the housewife struck it against the floor and battered it to death.

New Record of Growth Shown In Bank of America Midyear Report

Defense Effort Promoted While Business Served

Another period of outstanding progress is revealed in the mid-year statement of condition of Bank of America, California's statewide bank, as of June 30, 1941. President L. M. Giannini pointed out that the record was achieved in the face of the new problems and substantially increased expenses due to the provision of extra staff and facilities to promote the defense effort, as well as rising costs generally and increased taxes.

Deposits stood at \$1,685,488,000, an increase of \$189,466,000 over the comparable date of June 29, 1940. Total resources were \$1,877,738,000, a gain of \$201,097,000 in the same period.

Loans and discounts outstanding aggregated \$844,466,000, which is \$119,891,000 higher than a year ago.

Earnings for the six months were \$14,067,000. From this \$2,246,000 was reserved for depreciation of bank premises and amortization of bond

premiums and \$2,726,000 was set up in reserves and applied to the absorption of losses and the revaluation of assets. After the payment of \$5,340,000 in dividends at the annual rate of \$2.40 per share of the common stock and \$2.00 per share on the preferred stock and after \$348,000 in profit sharing bonus to employees, capital funds were increased from earnings in the six months by \$3,406,000.

Capital funds including capital, surplus, undivided profits and reserves, now total \$156,743,872.70, which compares with \$152,206,000 on June 29, 1940, an increase of \$4,537,000 for the year, after the application of \$3,000,000 of capital funds for the purchase and retirement of 60,000 shares of preferred stock on January 2, 1941.

President Giannini pointed out that the Articles of Association which created the preferred stock provided for the increase of common capital by amounts equivalent to the par value of preferred

stock retirements. Under this provision, \$1,200,000, representing the par value of the preferred stock so far retired, has been set aside for future use either for an increase in the common stock or an increase in the par value of existing shares.

"This report is particularly gratifying," said President Giannini by way of comment, "because in the period covered California has been geared up to do a major job in defense production and our first thought has been to co-operate. Full facilities of the Bank of America have been made available for the defense effort, without overlooking the requirements of all other business. This has required increased staff and expanded facilities wherever it was possible to meet the needs."

"Strenuous times are here because of the preparedness effort, and more readjustments in our economy lie before us, but private enterprise remains a very important factor in the American scene and is in fact an essential in the cooperative effort necessary to generate America's full power."

NOTICE OF TRUSTEE'S SALE

Loan No. 23326

NOTICE IS HEREBY GIVEN: That on the 11th day of July, 1941, at 9:30 a. m. of said day, at the main entrance to the County Court House of the County of San Mateo, in the City of Redwood City, State of California, THE ANGLO SAFE DEPOSIT COMPANY, a corporation, as substituted trustee, will sell, at public auction, to the highest bidder, for cash, in lawful money of the United States of America, all interest acquired by or through the deed of trust hereinafter mentioned, in and to the following described real property situate in the City of Daly City, County of San Mateo, State of California, particularly described as follows:

Lot No. 13 in Block No. 25, as shown on that certain map entitled "Map No. 1 Vista Grande, San Mateo Co., Calif." filed in the office of the County Recorder of San Mateo County, November 5, 1906 in Book "C" of Original Maps at page 35 and copied into Book 4 of Maps at page 41 thereof.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain deed of trust made and executed by MONETA INVESTMENT COMPANY, a corporation, therein called grantor, to ANGLO-CALIFORNIA TRUST COMPANY, a corporation, as trustee, for the benefit and security of ANGLO-CALIFORNIA SECURITIES CO., a corporation, dated the 7th day of October, 1927, and recorded in the office of the Recorder of the said County of San Mateo, State of California, on October 10, 1927, in Liber 322 of Official Records at page 155.

That said deed of trust and the debt thereby secured was assigned to The Anglo California National Bank of San Francisco, a national banking association, by said Anglo-California Securities Co., by an instrument in writing, recorded in the office of said County Recorder; and by another instrument in writing recorded in the office of said County Recorder, said present beneficiary substituted the undersigned, The Anglo Safe Deposit Company as trustee under said deed of trust, in place and stead of said Anglo-California Trust Company, with full power and authority in the premises.

Notice of breach of the obligations secured by said deed of trust and election to sell said real property was recorded by said present beneficiary, The Anglo California National Bank of San Francisco, in the office of said Recorder, on February 17, 1941, in Volume 937 of Official Records at page 394, at which time default had been made by said Moneta Investment Company in the payment of the promissory note and the whole thereof, secured to be paid by said deed of trust, and in the payment of the interest which accrued thereon since September 1, 1940, and because of said defaults, said promissory note according to its terms, was at the time of recording said notice of breach and election to sell, and now is, due and payable.

This notice is given pursuant to and in compliance with a demand heretofore made upon said trustee by the beneficiary to proceed with the sale of said property under the terms of said deed of trust aforesaid.

Dated: May 29, 1941.

SUMMONS

No. 32817

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

ENRICO H. VENTURI, Plaintiff vs. THE COUNTY OF SAN MATEO, a body corporate and politic; FRED E. BEER, JACK A. LYNCH, JOHN W. POOLE, ALVIN S. HATCH and THOMAS L. HICKEY, as and constituting the Board of Supervisors of the County of San Mateo, State of California; and also all other persons unknown, claiming a n y right, title, estate, lien or interest in or to the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto. Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA TO:

THE COUNTY OF SAN MATEO, a body corporate and politic; FRED E. BEER, JACK A. LYNCH, JOHN W. POOLE, ALVIN S. HATCH and THOMAS L. HICKEY, as and constituting the Board of Supervisors of the County of San Mateo, State of California; and also all other persons unknown, claiming any right, title, estate, lien or interest in or to the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto.

You are hereby directed to appear and answer the complaint filed in the County of San Mateo in an action entitled as above, brought against you in the Superior Court of the State of California in and for the County of San Mateo, within ten days after the service on you of this summons—if served within a i d County, or within thirty days if served elsewhere.

The object of the above entitled action is to quiet title in the plaintiff to all of that certain r e a l property situate in the County of San Mateo, State of California, and described as follows:

BEGINNING at the most Northwesterly corner of the Guadalupe Canal, which corner is distant South 5-1/4° West 47.52 feet from Post No. 61 as located by the meanders of the line of Ordinary high tide, locality, near Wheeler's Milk Ranch, exhibited on the Official Map No. 1, of the Salt Marsh & Tide Lands situate in the County of San Mateo, State of California, approved by the State Board on the 25th day of September, 1871; running thence a l o n g the following courses and distances of the said Guadalupe Canal, South 5-1/4° West 348.48 feet to Station No. 2 of said survey; thence South 22-3/4° East 118.80 feet to Station No. 3; thence North 78° East 237.60 feet to Station No. 4; thence South 39-1/2° East 211.20 feet to Station No. 5; thence South 14-1/2° East 31.68 feet to Station No. 6 on the South line of Guadalupe Canal; thence along said line East 903.95 feet to the westerly line of the Southern Pacific Railroad Company's right of way, as described in Deed from William H. Dinning et al to Southern Pacific Company, a corporation, dated December 12, 1936, and recorded January 14, 1937 in Book 718 of Official Records at page 486; thence along said right of way line North 33° 34' 56" West 721.18 feet to the northerly line of said Guadalupe Canal; thence along said Northerly line West 893.78 feet to the point of beginning.

Containing 13.92 acres, more or less.

You are hereby notified that unless you appear and answer, the said plaintiff will apply for the relief demanded in the complaint.

WITNESS my hand and the seal of the Superior Court of the State of California in and for the County of San Mateo this 16th day of May, 1941.

The middle and the end rarely ever have to be renewed.

-:- DALY CITY SPORT NEWS -:-

TWO TEAMS MEET DEFEAT

Sunday Games At Marchbank Park Tough On Local Nines

The two baseball games at Marchbank field, Sunday, saw two Daly City teams go down to defeat, largely through their own errors. In the second game, at 2:30 p. m., the Golden Gate Council, U. C. T., downed the Daly City Juniors 6-5. Christein, on the mound for the losers, pitched four-hit ball, but four errors nullified his efforts. The local nine smacked out nine hits, seven in the last three innings.

Box score for the Juniors is as follows:

	AB	R	H
Valente, 3b	5	0	0
Pezzola, 1b	4	0	0
Guisti, c, cf	4	1	2
Schultz, ss	4	0	3
Christien, p	4	0	0
Razzari, 2b	4	1	2
Huerta, c	3	1	0
Massoni, cf	4	2	2
Fazio, rf	3	0	0
	35	5	9

The first game was lost by the local team, the Daly City Cubs, due to poor fielding support. Arc Electric won, 8-5. The winners made 12 hits. Three runs in the ninth inning cinched the game for Arc Electric.

Box score for the Cubs:

	AB	R	H
Fitzgerald, lf	4	0	0
Carrozi, c	4	0	1
Dunn, ss	4	0	0
Preston, p	3	1	2
Lucia, 3b	4	1	1
Masini, 2b	2	2	1
Roylance, rf	3	0	2
Valente, cf	3	0	0
Borinad	2	1	1
	29	5	8

Both games were under the supervision of the Daly City WPA Recreation department.

Ancient Decorations

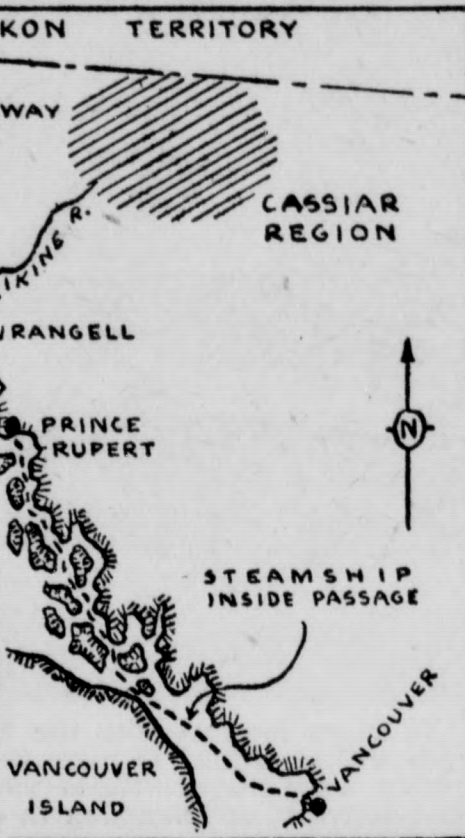

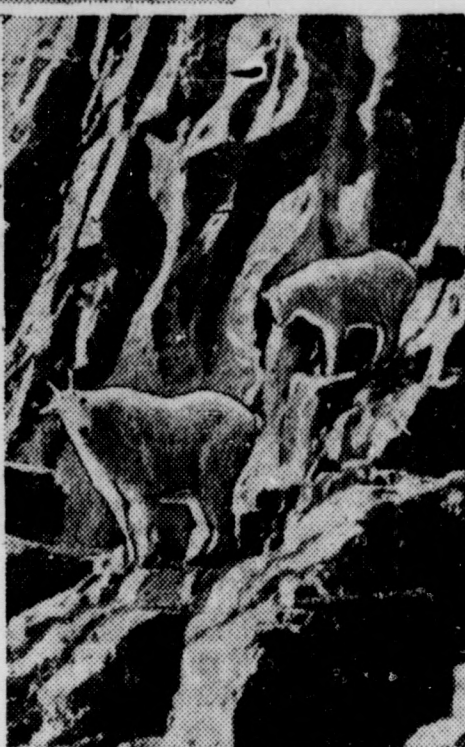

Shell, crystalline spar, bone and ivory were all employed by the ancients for architectural decoration. On these hard substances, the colorists could produce excellent designs. The thin film of color, however, was not durable—it soon wore away and light places showed through. Since those days, modern methods of decoration include certain mordants to set the colors and the steeping of small articles made from such dense substances in a dye bath for several hours.

Big Game Still Plentiful In Canada's Northwest

BIG game animals are notoriously shy. Even the grizzly, except an occasional outlaw, will not attack wantonly. The spread of civilization with all its implications has driven big game farther and farther afield, until there are few places left upon this Continent where they can still be said to be common.

Such an area is the Cassiar in Northern British Columbia, Canada. Here Caribou, Moose, three varieties of Sheep—the Fannin, Stonei, and Dahl—Mountain-goat, Grizzly and Black Bear are still to be found in sufficient numbers to justify the term "plentiful."

Telegraph Creek is the main out-

fitting point for the Cassiar country. It is reached by river-boat from Wrangell, Alaska, via the spectacular Stikine River. The terrain is fairly open, and hunting can be done on saddle and packhorses, but the hunter should be prepared to spend at least five weeks in the area to do it, and himself justice. Arrangements should be made well ahead through the British Colum-

bia Provincial Game Commission, Vancouver, B. C.

Actually, the whole Province of British Columbia is a prolific hunting-ground, but the Cassiar area is unique both for variety and quality, and for the number of its record heads, many of which are to be seen in famous U. S. institutions such as the American Museum of Natural History, New York.

SUMMER CAMP

(Continued from Page 1)

the camp, this year will send more than forty boys and girls.

Girls going off to camp Monday are Eunice Robertson, Linda Montgomery, Mildred Thompson, Ann Whorley, Geraldine Theurer, Josephine Theurer, Vivian Thorsen, Patsy Snee, Florence Sharp, Marie Sharp, Violet Sharp, Joan Siino, Doris Sanguinetti, Patsy Marable, Carol Ann Johnson, Marilyn Johnson, Carolyn Ellis, Geraldine Borelli.

Annie Bianchi, Barbara Day, Emile Lenoine, Marie E. Morgan, Lois Mory, Ruth Mory, Florence Nordgren, Barbara Jean Miller, Georgianna Sundeen, Beverly Jean Davis, Shirley Samuelsen, Evelyn Davis.

The boys will go to camp in

two or three weeks. Those signed up are Alfred Bertellotti, Terence O'Sullivan, Thomas Whalen, James Whalen, Edward Young, James Yonan, Franklin Whorley, Robert Theurer, Jackie Theurer, Thomas Thimis, Richard Selmi, Horace Siino jr., Eugene Rozier, Richard Rozier, Richard Ryan, Ruben Preciado, William Preciado, David Plyer, John Maravelias, Jack Enright, Dick Everett, Lyle Van Der Werff, Robert Ellis, Jack Palm, Wendall Jobe.

Jimmie Blakemore, Fred Bricker, Leo Bricker, Clifford A. Jobe, William H. Kelley, Peter Maravelias, Alexander Nazuk, Leonard Nordgren, Ragnar Nordgren, Stanley F. Rafter, Kenneth Sanguinetti, Gerald Thauberger, Robert Thompson, Norwell Wal-

Silver Lining

War has a silver lining for 84,000 who were on relief last winter in St. John's, Newfoundland. Its great newsprint and its wood-pulp and mine-prop industries have been revived with the closing of the Baltic. Iron, lead, and zinc mines are again operating, while enlistments in the navy, army and civilian forestry corps have also helped to reduce unemployment.

lace, Walter A. Worth jr.

Bruce Boynton, director of the Daly City WPA Recreation department, is in charge of Camp Shadowbrook, which is sponsored this year by the city of Santa Cruz.

Coordinator for the Daly City summer camp program this year has been Daly City Post No. 410, American Legion. R. L. Crane jr., district superintendent of schools, has served as chairman of the group.

Semi-Pro Teams Play Here Sunday

(Continued from Page 1)

for San Francisco's semi-pro teams.

The game will start at 2:30 p. m. Batteries for the Owl Drug boys will be either Petrocchi or Race and Patch; and for the Sherry stalwarts Elton and Starr.

The tussle promises to be one of the best yet played on the new field. The Owl Drug team played here against the Daly City All-Stars, June 8, and made an excellent impression on the local fans.

The other game will be the Daly City Cubs versus the Shamrocks, which will be played at 10 a. m.

Local Draft Board To Number 140 Registration Cards

The 140 registration cards filled out at Board 103 on the Second R-day, July 1, will be shuffled and numbered in sequence tonight at a meeting of the local draft board at the Daly City hall, announces Mrs. Isabelle Flynn, secretary.

Date of the national lottery, which will determine the order numbers of these latest registrants, has not been announced yet. Word has been received, however, that married men and men over 28 are not being taken, pending federal legislative action on these points.

The registration of 140 in this area ran short of the estimated two hundred. One hundred and thirty-seven filled out orange cards, with two signing up a day late. One white card (used by those who failed to sign up in the first registration) was filled out. Nineteen young men from outside the area registered here. Throughout San Mateo county registration totalled 522, only a little over half the number expected.

Registration in the Daly City-South San Francisco area was, in Daly City, 41; South San Francisco, 58; Colma, 9; with the rest scattered in Brisbane, Sharp Park, and Rockaway Beach.

To fill expected shortages in the thirteenth draft call, scheduled for July 15, a special supplemental call will be made July 21 or 22, calling for four men.

Tax Employees

Brazil has ruled that all government employees are subject to income-tax laws.

Most Spinach

Zavala county, Texas, grows more spinach than any other county in the world.

ABOUT TOWN ---

John J. Fahey jr., son of Daly City's mayor, left Thursday night for Catalina Island. Accompanying him was James English, nephew of Fahey sr., and Ernest Molinari. They will return, Monday.

The Fourth of July weekend was spent by John J. Fahey sr. and his family at his cabin at Riverside Grove in the Santa Cruz mountains. Vacationing, beside Fahey, were Mrs. Fahey, their daughter Lucy, Denny Fahey and his wife Violet, and the two small sons of the latter couple.

Mr. and Mrs. R. L. Crane jr. went vacationing over the Fourth of July week end—motoring northward via the Pacific highway to Portland, Oregon, over to Astoria and back home on the Redwood highway. They left Thursday and returned Monday, covering 1428 miles of beautiful scenery. Crane is district superintendent of schools.

Girl Scouts Chant Rain, Rain Go Away

"Rain, rain go away, come again some other day."

These were the words Daly City Girl Scouts chanted, last Thursday, but the weather man just wouldn't oblige. The girls and their counsellors were forced to break camp four days earlier than they had anticipated. Several bad rain storms completely soaked the children's bedrolls and camping grounds and an S. O. S. was sent to their parents to help transport them home.

Members of the counsellor group wished to express their appreciation to the parents of the different girls who came to their rescue.

All in all the girls had a wonderful time, even the rain couldn't dampen their spirits, stated the group. The campers enjoyed classes in basket weaving and swimming in the new Big Basin pool.

Mrs. Evelyn Mosman today stated that all the girls who haven't their equipment should call at Mrs. George Sorg's home, 115 Knowles avenue, and pick it up. If any of the girls got the wrong equipment by mistake if they will also take it to Mrs. Sorg's home, it will be greatly appreciated, concluded Mrs. Mosman.

According to the reports made by the young campers the best part of the camping outing was the fine meals provided by the camp cooks, Mrs. Sorg, Mrs. Emilie MonSanto and Mrs. Fred Peterson.

Navy Gives Chance To Learn Trades

(Continued from Page 1)

ments has been named for the end of July.

The age limit for the regular navy is 17 to 31, and for the naval reserve, 17 to 50. Those joining the naval reserve will be released from active duty when the present national emergency is over.

Modern Styling is Keynote in USO Clubs

In sharp contrast with the barren recreational "huts" of World War days, these modern buildings, which will be erected in more than 360 localities adjacent to military camps and naval bases, are comfortable, home-like structures where the lads in uniform may find facilities for reading, writing, games, social activities or relaxation in off-duty hours.

HELP OUR DEFENDERS GIVE TO THE USO

Herewith find \$..... which is my contribution to the United Service Organizations and which is to be used in building morale of the soldiers, sailors and defense industry workers now defending the United States.

Address

Note: Send money to F. Erickson, treasurer local USO committee, Daly City Branch, Bank of America, and you will receive a receipt.

Eagles To Hold Second Initiation Class

The second initiation class under Worthy President John Craig will be held when Colma-Vista Grande Aerie No. 1848, F. O. E., meets next Thursday, July 17, at Eagles hall.

Some special events which will provide entertainment and laughter for all who attend is promised by Mel Battye, chairman of the entertainment committee.

Worthy President John Craig respectfully urges the attendance of all members at this meeting.

County Valuation Up

(Continued from Page 1)

according to the assessor. New construction totalled over \$12,500,000 for the year.

Following is assessed valuation of some of the county's cities, showing the gains over the previous fiscal year:

Burlingame, \$12,690,585, gain, \$413,615; Belmont, \$1,224,470, gain, \$85,520; Daly City, \$4,104,710, gain, \$88,630; Hillsborough, \$11,426,010, loss \$139,545; Lawndale, \$545,915, loss \$15,045; San Bruno, \$3,487,450, gain, \$383,940; Redwood City, \$7,970,925, gain, \$531,995.

USO Drive

(Continued from Page 1)

the \$100,000 given by Edward G. Robinson, motion picture actor. Robinson said, "The army, naval and marine bases are full of boys who have given more. They've given their freedom for an indefinite time; they've given up their own revenue from civil life and they've offered to risk their lives so that we can remain a free people. I just made a small down-payment for the privilege of being an American."

Said Rear Admiral J. W. Green-slade, commandant of the twelfth naval district, "... think of the effect upon these men when they know that the citizens of America, of their own free will, have voluntarily given these millions to provide entertainment for them outside of their regular stations and bases."

The huge total of \$7,500,000 was reported this week as having been received at national headquarters of the USO, with the Pacific Coast region approximately at the half-way mark in its appeal for \$1,250,000. The national quota is \$10,765,000.

An Old Custom
The customs of women dyeing their hair and tinting their fingernails date back some 4,000 years in Egypt, as is evidenced by pictures in ancient monuments and by mummies.

FRESHEN UP—PERK UP WAKE UP—with HOT WATER

on tap day and night from an

AUTOMATIC Gas WATER HEATER

Put new life into your feet by soaking away aches and pains in a tubful of hot water.

For busy little bodies there is nothing like a hot bath to bring about restful sleep.

Your hair needs special care in summer. Try a sudsy scrub and hot water rinse.

Keep your skin-beauty alive and fresh looking with hot water treatments.

Do you suffer from summer wilt—that droopy feeling that comes when you are hot and drowsy and sticky?

A hot bath will put new life into you—and on-tap Hot Water is a Summer necessity.

With an ample supply of hot water on tap from an Automatic Gas Water Heater your bathroom can give you many advantages of the finest health resort. From head to foot, hot water can supply the kind of bathing that's just in line with "what the doctor ordered."

Try some of the suggestions here. They are downright sensible. They take only a few minutes to do—that is, if you have hot water on tap from an economical Automatic Gas Water Heater. If you haven't, then order a new Automatic installed in your home today. You'll love it!

For a speedy pep-up step under a stinging hot shower.

Hot water is a first-aid to faster, easier shaving during summer.
